## MANAGEMENT DISCUSSION & ANALYSIS

### ABOUT THE INDUSTRY:

NBFCs are an integral part of the country's financial system complementing the services of commercial banks. The main reason attributed to the growth of NBFCs is the comprehensive regulation of the banking system. Other factors include higher level of customer orientation, lesser pre/post sanction requirements and higher rates of interest on deposits being offered by NBFCs. It is mandatory that every NBFC should be registered with RBI to carry on any business of non banking financial institution.

The activities of non-banking financial companies (NBFCs) in India have undergone qualitative changes over the years through functional specialisation. The role of NBFCs as effective financial intermediaries has been well recognized as they have inherent ability to take quicker decisions, assume greater risks, and customize their services and charges more according to the needs of the clients. While these features, as compared to the banks, have contributed to the proliferation of NBFCs, their flexible structures allow them to unbundle services provided by banks and market the components on a competitive basis. The distinction between banks and non-banks has been gradually getting blurred since both the segments of the financial system engage themselves in many similar types of activities. At present, NBFCs in India have become prominent in a wide range of activities like hire-purchase finance, equipment lease finance, loans, investments, etc. By employing innovative marketing strategies and devising tailor-made products, NBFCs have also been able to build up a clientele base among the depositors, mop up public savings and command large resources as reflected in the growth of their deposits from public, shareholders, directors and other companies, and borrowings by issue of non-convertible debentures, etc.

The importance of NBFCs in delivering credit to the unorganised sector and to small borrowers at the local level in response to local requirements is well recognised. The rising importance of this segment calls for increased regulatory attention and focused supervisory scrutiny in the interests of financial stability and depositor protection.

### **An Overview of Regulation of NBFCs**

In response to the perceived need for better regulation of the NBFC sector, the Reserve Bank of India (RBI) Act, 1934 was amended in 1997, providing for a comprehensive regulatory framework for NBFCs. The RBI (Amendment) Act, 1997 conferred powers on the RBI to issue directions to companies and its auditors, prohibit deposit acceptance and alienation of assets by companies and initiate action for winding up of companies.

#### **(1) Mission**

To ensure that:

- the financial companies function on healthy lines,
- these companies function in consonance with the monetary policy framework, so that their functioning does not lead to systemic aberrations,
- the quality of surveillance and supervision exercised by the RBI over the NBFCs keeps pace with the developments in this sector.
- comprehensive regulation and supervision of Asset liability and risk management system for NBFCs,

#### **(2) Amendments to the Reserve Bank of India (RBI) Act, 1934**

RBI Act was amended in January 1997 providing for, *inter alia*.

- Entry norms for NBFCs and prohibition of deposit acceptance (save to the extent permitted under the Act) by unincorporated bodies engaged in financial business,
- Compulsory registration, maintenance of liquid assets and creation of reserve fund,
- Power of the RBI to issue directions to an NBFC or to the NBFCs in general or to a class of NBFCs.
- Comprehensive regulation and Supervision of deposit taking NBFCs and limited supervision over those not accepting public deposits.

#### **(3) Basic Structure of Regulatory and Supervisory Framework**

- Prescription of prudential norms akin to those applicable to banks,
- Submission of periodical returns for the purpose of off-site surveillance,

- Supervisory framework comprising (a) on-site inspection (CAMELS pattern) (b) off-site monitoring through returns (c) market intelligence, and (d) exception reports by statutory auditors,
- Punitive action like cancellation of Certificate of Registration (CoR), prohibition from acceptance of deposits and alienation of assets, filing criminal complaints and winding up petitions in extreme cases, appointment of the RBI observers in certain cases, etc.
- Co-ordination with State Governments to curb unauthorised and fraudulent activities, training programmes for personnel of NBFCs, State Governments and Police officials.

#### (4) Other steps for protection of depositors' interest

- Publicity for depositors' education and awareness, workshops / seminars for trade and industry organizations, depositors' associations, chartered accountants, etc.
